

ENVIRONMENTAL POLICY

Our Objective

We are committed to leading the industry in minimising the impact of its activities on the environment. We strongly believe that environmentally sustainable outcomes are always the key to organisational success. We always commit to do ourselves more than required by compliance.

The key points of the strategy to achieve our objective are:

- Strong commitment and leadership from management supported by our employees.
- Create a culture that all employees realising its environmental objectives and creating a safe working environment.
- Understand, learn and act on environmental issues and continuously improve.
- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all the environmental legislation that relates to the Company.
- Actively engage with our customers and other stakeholders to manage environmental issues.
- Regularly review to ensure consistency with legislative and company changes.
