

QUALITY POLICY

Our Objective

Quality deliverables without compromise

- Achieve sustained and profitable growth by providing quality products and services, which consistently satisfy the needs and expectations of its customers and stakeholders.
- Management responsible for the accountability to achieve quality outcomes, communicating the policy and procedures to all employees and stakeholders and making sure all employees comply with the requirements.
- Ensure the Quality system complies with ISO 9001 requirements, learn from experiences, continuously review and improve the system to always meet quality outcomes.
- Ensure strict compliance with relevant codes and statutory requirements.
- Achieve highest level of quality outcomes through adoption of systems and procedures that reflect the competence of the Company to existing customers, potential customers, government bodies and independent auditing authorities.
- Continual improvement by setting higher standards and targets, and thereby enhance customer satisfaction and our reputation.

A handwritten signature in black ink, appearing to read 'Sanjeev Kumar', with a horizontal line extending to the right.
